Imagine riding in one of two fifteen passenger vans both navigating a narrow two lane road twisting and winding up into the tropical mountains of central Puerto Rico. The views are spectacular. On June 30, 2019, under the guiding eye of Lutheran Disaster Response working through Lutheran Social Services of Puerto Rico, 25 Lutheran volunteers from 5 Northeastern Pennsylvania Synod churches traveled to Puerto Rico to repair homes damaged by Hurricane Maria.

The hot, humid conditions of Puerto Rico provided the perfect environment for molds and mildews to thrive making habitation impossible. Thanks be to God and the excellent guidance and organization of Lutheran Social Services of Puerto Rico the team was able to power wash roofs and seal them. Ceilings were also scraped and painted in the interior of homes. Because of the hard work of this team and the generous grant from The Witness and Service Team Ministry supported through Mission Support giving to the Synod, our work was accomplished. What a joy to see faces of hope as they came so much closer to reclaiming their homes. We truly did use our hands to do God’s work!
