

YoYoFa Share Shop!

You and your congregation have an idea to share with other congregations. You may not realize it, because your idea may be so obvious to you.

But, you do!

Maybe your congregation can help answer one or more of these questions – or another perhaps a question that isn't even listed here.

- What youth ministry activities are working in other congregations?
- How are congregations involving families in congregational life?
- What suggestions do you have for mission trips?
- What resources are other churches using for youth and family ministry?
- How are congregations reaching out to young adults effectively?

One of our team goals is to “develop ways for congregations to share ideas and resources.”

We are inviting ***you*** to take time to share. Send pictures and stories to [Karen Matthias-Long](#) – or post them on our [Northeastern PA Synod of the ELCA](#) Facebook page (“like” us!) – or fill out the form below and mail it to our team. Be sure to let us know, too, how we can support the amazing and important work you do.
