

Faith Formation Resource Ministry Team

The Faith Formation Resource Ministry Team of the Northeastern Pennsylvania Synod are volunteers who have participated in extensive training and are committed to strengthening spiritual growth and discipleship development in congregations, mission districts, clusters of congregations and the synod.

Our team is experienced in teaching methods, curriculum selection, program planning, age level development, theories of faith development, lesson planning and more. These resource people are prepared to consult with Congregational Councils, Christian Education Committees, Sunday School teachers or any other interested group.

We are also responsible for planning and implementing the popular Learning Ministries Day, which is held every year on the fourth Saturday in January.
